¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

See notes 4 and 5 below for further instructions on how to complete this form.

Corporate Governance Statement

Introduction

The Board of Directors is responsible for the corporate governance of GWA Group Limited (the Group) which is an essential role of the Board. The Group's corporate governance practices have been in place since listing and are reassessed regularly in the light of experience and contemporary views and guidelines on corporate governance practices. The Board adopts practices it considers to be superior and which will lead to better outcomes for the Group's shareholders.

The Board supports The Fourth Edition of the Corporate Governance Principles and Recommendations (the recommendations) of the ASX Corporate Governance Council released in February 2019. The Board confirms that the current corporate governance practices of the Group meet or exceed these recommendations. The Group's corporate governance disclosures have been prepared in accordance with The Fourth Edition of the recommendations of the ASX Corporate Governance Council. Additional disclosures have also been provided to enhance the transparency of the Group's corporate governance practices.

This statement was approved by the Board of GWA Group Limited and is current as at 30 June 2021. The statement is available on the Group's website at www.gwagroup.com.au under Corporate Governance.

Principle 1 – Lay solid foundations for management and oversight

Role of the Board and Management

The Board is responsible for the long-term growth and financial performance of the Group. The Board charts the strategic direction of the Group and monitors executive and senior management performance on behalf of shareholders. To achieve this, the Board is engaged in the following activities:

- Demonstrating leadership and defining the Group's purpose;
- Providing input and final approval of the Group's corporate strategies and performance objectives developed by executives and senior management;
- Approval and monitoring of financial and other reporting;
- Approving the Group's Statement of Values and Code of Conduct to underpin the desired culture within the organisation;
- Monitoring of executive and senior management performance, including the implementation of corporate strategies, instilling of the Group's values and ensuring appropriate resources are available;
- Appointment and monitoring of the performance of the Chief Executive Officer and the Company Secretary;
- Setting the risk appetite within which management are expected to operate;
- Ensuring that the Group has appropriate systems of risk management and internal controls, reporting mechanisms and delegation authority limits in place;
- Liaison with the Group's external and internal auditors through the Audit and Risk Committee;
- Approval and monitoring the progress of major capital expenditure, capital management, acquisitions and divestments;

- Satisfying itself that the remuneration policies are aligned with the Group’s purpose, values, strategic objectives and risk appetite;
- Any other matters required to be dealt with by the Board from time to time depending upon circumstances of the Group;
- Other matters referred to in the Board and Board Committee charters.

The Board operates under a charter that details the functions and responsibilities of the Board. The charter is reviewed annually to ensure it remains consistent with the Board’s objectives and responsibilities. Refer to the Group’s website at www.gwagroup.com.au under Corporate Governance Policies for a copy of the charter.

Management is responsible for the implementation and execution of corporate strategies and performance objectives and all aspects of the day to day running of the Group. Management is also responsible for ensuring the Group operates within the risk parameters set by the Board and for providing the Board with accurate and timely information to enable the Board to carry out its duties.

Delegations Policy

The Board has approved a Delegations Policy which clearly outlines the authorities of the Board and those which have been delegated to executive and senior management covering all management activities. The policy ensures that the executives and senior management understand the authorities delegated by the Board and are accountable to the Board for its compliance. Annual reviews are conducted on the appropriateness of the delegated authorities and any material breaches are reported to the Board.

Background Checks

Before the appointment of directors and executives, the Group ensures that appropriate background checks are conducted as to the person’s character, experience, education, criminal record and bankruptcy history. This is an important step in the recruitment process to ensure the appointment of suitable candidates to director and executive roles.

All material information relevant to the election or re-election of directors is provided to shareholders in the director profiles which are included in the Explanatory Memorandum to the Notice of Annual General Meeting. The following information is provided to shareholders:

- Details of the qualifications, skills and experience of directors;
- Details of any other directorships held by directors;
- The term of office currently served by the director (if any);
- A statement if the Board considers the director independent;
- A statement on whether the Board supports the election or re-election of the director;
- Any other material information advised to shareholders that is relevant to the decision on whether to elect or re-elect the director.

Letter of Appointment

New directors of the Group are provided with a formal letter of appointment which outlines the key terms and conditions of their appointment. Similarly, executives including the Chief Executive Officer, Company Secretary and Chief Financial Officer have formal job descriptions and letters of appointment describing their salary arrangements, rights and responsibilities and entitlements on termination.

A comprehensive induction program is provided to directors, executives and senior management to ensure full understanding of the Group’s strategy and operations, its policies and procedures and the industry within which it operates.

Company Secretary

The Company Secretary is accountable to the Board, through the Chairman, on all matters to do with the proper functioning of the Board including all corporate governance matters. The Company Secretary is responsible for the compilation and dispatch of the agenda and papers for each Board and Committee meeting. The Company Secretary prepares the draft minutes for each meeting, which are tabled at the next Board meeting for review and approval. The Company Secretary and the directors communicate regularly on all Group and governance matters.

Diversity and Inclusion

GWA recognises and celebrates the value and contribution each individual brings to the workplace and appreciates the value of attracting and retaining employees from different backgrounds. GWA is committed to creating a working environment that is fair, flexible and supportive of all our staff and that promotes personal and professional growth.

GWA embraces and celebrates diversity in the workforce which contributes to business success and benefits employees, customers, consumers and shareholders. Leveraging diversity in the workplace fosters engagement, enhances creativity, improves decision making and increases productivity to deliver a strong competitive advantage.

We remain committed to promoting diversity and inclusion through the implementation of policies and initiatives to achieve a diverse workforce. The Group's Diversity and Inclusion Policy is available on the Group's website at www.gwagroup.com.au under Corporate Governance Policies.

We understand that each individual is unique and we recognise individual differences. These differences can include skills, experience, thought, gender, age, disability, ethnicity, cultural or socio-economic background, religion, sexual orientation, political or ideological beliefs as well as other dimensions such as lifestyle and family responsibilities.

At GWA we are committed to:

- a workplace which is free from discrimination, harassment, bullying, victimisation and vilification;
- treating employees fairly and with respect;
- a workplace culture that is inclusive and embraces individual differences;
- equal employment opportunities based on ability, performance and potential;
- awareness in all staff of their rights and responsibilities with regards to fairness, equity and respect for all aspects of diversity;
- flexible work practices and policies to support employees and their changing needs;
- attraction, retention and development of a diverse range of talented people;
- equitable frameworks and policies, processes and practices that limit potential unconscious bias.

In 2012, the Board established a number of measurable objectives to promote and encourage increased gender diversity within the workforce as outlined below. The Board will continue to work on increasing the percentage of females employed by GWA including committing to a minimum 30% target for Board composition in line with the Principles and Recommendations of the ASX Corporate Governance Council having regard to business needs, the best available candidates and all facets of diversity in addition to gender.

GWA has made significant progress in recent years to address gender pay equity anomalies and have addressed these as part of the annual salary review process. In February 2021, a gender pay equity review was performed in the Australian business. The result of this review

identified any variations in pay across similar roles were attributed to non-gender related variables. Gender pay equity reviews are built into the annual remuneration review process and will remain an ongoing focus for GWA.

The measurable objectives to increase gender diversity are assessed annually and are reported in the Corporate Governance Statement which is available on the Group’s website at www.gwagroup.com.au under Corporate Governance.

The objectives and supporting actions include:

1. Increase the percentage of females employed by GWA with a minimum 30% target for Board composition

- Ensure the recruitment process and practices continue to comply with equal opportunity principles.

Women comprise 43% of GWA’s overall workforce for the reporting period. For the prior year, female composition of the global workforce was 42%. The Group’s focus on diversity and inclusion has been recognised by employees and is demonstrated by increased scores in our latest engagement survey which was two percentage points above the Australian norm. The current female representation on the Board is close to the minimum 30% target as outlined in the table below.

In June 2021, the Group lodged its 2021 Australia Workplace Gender Equality Report with the Workplace Gender Equality Agency (WGEA) in accordance with the Australian *Workplace Gender Equality Act 2012 (Act)*. The Group notified its employees and employee organisations of the lodgement of the report and advised how it may be accessed. The Group also allowed employees and employee organisations to make comments on the report. The report is available on the Group’s website at www.gwagroup.com.au under Gender Equality Reporting. The Group received notification from the WGEA that it is compliant with the Act.

The following table is a summary of GWA’s Australian workplace profile at 31 March 2021 as reported to the WGEA:

Title	% Female
Board of Directors	29% ¹
Key Management Personnel	0% ²
Senior Managers/Other Managers	32%
Total Management	37%
Total Non-Management	45%
Overall Total	43%

Note:

1. 33% of GWA’s non-executive directors are female.
2. KMP for WGEA reporting includes the Acting CEO, Chief Financial Officer and Company Secretary roles with the other non-KMP executives included in Management.

2. Provide and promote flexible work practices to attract and retain diverse talent

- Continue to promote awareness of current flexible work practices to existing employees and potential candidates;
- Investigate and implement any additional flexible work arrangements appropriate to the needs of employees to support personal circumstances.

Across GWA we continue to review employment policies and practices to ensure that, among other things, flexibility is offered to attract and retain talent. GWA fully supports and encourages flexible working arrangements and many employees take advantage of different ways to get the job done including working from home or working flexible hours.

The existing wide use of flexible work practices enabled the Group to quickly respond to the COVID-19 pandemic with all office-based staff having the ability to work from home. GWA also provided additional tools and training during the pandemic to ensure that staff were supported to work remotely as part of our ongoing focus on their safety and wellbeing. In the latest employee survey, 77% of employees felt that they “have the flexibility to modify their work schedule to address personal situations” which is two percentage points above the Australian average.

In addition to a number of employee benefit programs, a purchased leave plan is also in place which allows employees to “purchase” additional leave of up to four weeks per year via salary sacrifice.

3. Succession planning and high potential employee development

GWA ensures a diverse group of high potential employees are identified as part of the Group’s succession planning process and actively developed for career progression. The Group’s recruitment and development strategy continues to focus on attracting, developing and retaining a diverse pool of talent to deliver our growth strategy.

GWA has regular talent reviews to strengthen our succession plans. These talent discussions include career development actions which are regularly reviewed. Managers are aware of their responsibility to develop talent and in the last survey, 81% of Managers responded “I am accountable for developing high performers” which is a strong score for Australian organisations.

Performance Evaluation - Directors

The Nomination and Remuneration Committee conducts an annual evaluation of the performance of the Board, the Board Committees and the individual Board members to determine whether they are functioning effectively by reference to current good practice. The performance evaluation is conducted by the Chairman of the Board through discussions with the Board members and detailed questionnaires as required. Any issues or improvement opportunities identified from the performance evaluation are actioned.

During FY21 a performance evaluation of the Board was conducted by the Chairman in accordance with the evaluation process.

Performance Evaluation – Executives

Performance reviews of executives are conducted formally on a bi-annual basis. The performance review process is critical to the development of executives and enables performance issues to be addressed. The Group has identified core competencies for the key roles in the organisation and these are incorporated into individual job descriptions. During the performance review process, the performance of executives is assessed against the business objectives, core competencies and personal goals.

Measurable personal financial and business improvement goals are established during the performance review process which are aligned with the Group’s strategy and priorities. The achievement of both financial and personal goals is incorporated into the Group’s Short-Term Incentive plan as outlined in the Remuneration Report.

During FY21 performance reviews of executives were conducted in accordance with the performance review process.

Principle 2 – Structure the Board to be effective and add value

Board Meetings

The Board meets at least nine times each year for scheduled meetings and may, on other occasions, meet to deal with specific matters that require attention between scheduled meetings. Together with the Board Committees, the directors use the Board meetings to challenge, understand and review the business performance and operational issues. To assist with the Board's understanding of the business, the Board regularly conducts Board meetings at various business locations followed by management presentations and site tours.

Corporate and divisional management are required to regularly attend and present at Board meetings on strategy, divisional operational issues and performance. Regular group strategy meetings are held with the Board which enables the directors to review corporate strategy and performance with the executives. This ensures that the Board is effectively carrying out its duties of providing input and approving corporate strategies and performance objectives. The Chief Financial Officer is required to attend Board meetings to answer questions from the directors on financial performance, accounting, risk management, treasury and other matters.

Composition of the Board

The Board presently comprises seven directors¹, six of whom, including the Chairman and Deputy Chairman, are non-executive directors and one, the Company Secretary, is an executive director.

The profiles of the directors are set out in the Annual Report. The profiles outline the skills, experience and expertise of each Board member, including the period of office held by each director.

The composition of the Board is determined by the Nomination and Remuneration Committee and, where appropriate, external advice is sought. The following principles and guidelines are adhered to:

- The Board should maintain a majority of non-executive directors;
- The Board should consist of a majority of independent directors;
- The Chairperson should be an independent director;
- The role of Chairperson and Chief Executive Officer should not be exercised by the same individual;
- Non-executive directors should not be involved in management of the day to day operations of the Group;
- All Board members should be financially literate and have relevant experience in the industries in which the Group operates.

Board Skills and Experience

Since the float of the Group in 1993, the business strategy has transitioned from that of an Australian manufacturer to that of a designer, importer and distributor of branded building products with a focus on providing sustainable solutions for water. The current Board represents a diverse range of professional backgrounds, experience and perspectives as outlined in the director profiles in the Annual Report. The possessed skills align with the current business strategy of the Group and are regularly reviewed to ensure it covers the skills

¹ The Board appointed Mr Urs Meyerhans as Managing Director and Chief Executive Officer on 1 July 2021. This brings the total number of directors to eight comprising six non-executive directors and two executive directors (including the Managing Director/CEO and Company Secretary).

needed to address existing and emerging business and governance issues relevant to the business.

The Board's collective skills and experience include:

- supply chain and distribution;
- marketing and branding;
- retail and FMCG industry knowledge and experience;
- engineering and construction industry knowledge and experience;
- consumer focused business transformation;
- digital and information technology;
- corporate and financial management;
- accounting and taxation;
- insurance and financial services;
- leadership and general management experience;
- human resources management;
- legal, governance and regulation;
- risk management.

To the extent that any skills are not represented on the Board, they are augmented through management and, as required, external advisers.

Re-Election of Directors

In accordance with the Group's constitution, at each Annual General Meeting, a number of directors will face re-election. One third of the Board (excluding any director not specifically required to stand for re-election) must stand for re-election. In addition, no director may hold office for more than three years without standing for re-election and any director appointed by the Board since the last Annual General Meeting must stand for re-election at the next Annual General Meeting. All retiring directors are eligible for re-election.

Independence of Directors

The Board considers that the non-executive directors must be independent from management and free of any business or other relationship that could interfere, or reasonably be perceived to interfere, with the exercise of their unfettered and independent judgement.

In considering the relationships which may affect independent status as outlined in The Fourth Edition of the recommendations of the ASX Corporate Governance Council, it has been determined that the Group's non-executive directors are independent. Therefore, the Board comprises six independent directors and one non-independent director (being the Executive Director) which meets the recommendation of the ASX Corporate Governance Council of having a majority of the Board comprising independent directors.

The following table outlines the Group's directors at 30 June 2021, and whether they are considered to be independent:

Director	Role	Length of Service	Non-Executive	Independent
D McDonough	Chairman	12 years	Yes	Yes
J Mulcahy	Deputy Chairman	11 years	Yes	Yes
P Birtles	Non-Executive Director	11 years	Yes	Yes
J McKellar	Non-Executive Director	5 years	Yes	Yes
S Goddard	Non-Executive Director	5 years	Yes	Yes
A Barrass	Non-Executive Director	2 years	Yes	Yes
R Thornton	Executive Director	12 years	No	No

The Board is responsible for ensuring that the action of individual directors in the Boardroom is that of independent persons. The Board distinguishes between the concept of independence and issues of conflict of interest or material personal interest which may arise from time to time – refer Conflicts of Interest below.

In recognising the importance of the independence of directors and the immediate disclosure of conflicts of interest, the Board has included both matters as permanent items on the agenda at Board meetings. Any independence or conflict of interest issues that arise must be disclosed to the Chairman prior to each Board meeting. The disclosure is recorded in the Register of Directors' Interests and in the Board minutes.

Selection and Appointment of Directors

The Nomination and Remuneration Committee is responsible for the selection and appointment of directors. In the circumstances where there is a need to appoint a director, whether due to the retirement of a director, growth of the Group, or changed circumstances of the Group, certain procedures will be followed including the following:

- Determination of the skills and experience appropriate for an appointee, having regard to the Group's business strategy, the skills and experience of the existing directors and other likely changes to the Board;
- Upon identifying a potential appointee, consider the competency and qualifications, independence, other directorships, time availability, and the effect that their appointment would have on the overall balance of the composition of the Board;
- Consideration of the need for Board diversity and whether the potential appointee furthers the Board's objective of achieving a diverse workforce in accordance with its Diversity Policy including its gender diversity target for Board composition;
- The Board members consent to the proposed appointee.

Details of the skills, experience and expertise of each director are outlined in the director profiles in the Annual Report.

Board Succession Planning

The Board has established succession plans for the retirement of individual Board members to ensure an appropriate balance of skills, experience and expertise on the Board. The Board views director renewal as an essential process to ensure optimal Board performance. The Board is also mindful of the need for gender diversity for Board composition for future director appointments.

Induction Program

The Nomination and Remuneration Committee is responsible for ensuring that an effective induction program for new directors is in place and regularly reviewed to ensure its effectiveness. The Board has developed a comprehensive induction program for new directors, tailored to their existing skills, knowledge and experience, to allow new appointees to participate fully and actively in Board decision making. The Board views the induction program as critical in enabling new directors to gain an understanding of the Group's strategy and operations, the industry in which it operates and new and emerging business issues. The Company Secretary assists with the induction program to ensure the Group's corporate governance policies and practices are understood.

The Board also considers whether there is a need for existing directors to undertake professional development opportunities in order to maintain and/or enhance their skills and knowledge in performing their directors' duties. Management and external advisers (as required) provide regular briefings to directors on material developments in laws, regulations and accounting standards that may have an impact on the business.

Conflicts of Interest

The directors are required to disclose to the Board any relationships from which a conflict of interest might arise. A director who has an actual or potential conflict of interest or a material personal interest in a matter is required to absent themselves from any meeting of the Board or Board Committee, whenever the matter is considered. In addition, the director does not receive any Board papers or other documents in which there is a reference to the matter.

This process is applied to business and trading relationships, dealings with the directors, dealings with companies with common directors and dealings with any significant shareholders of the Group. There is also a requirement for the directors to notify the Chairman on accepting any new outside roles to ensure that the appointment does not give rise to a conflict of interest.

The materiality thresholds used for the determination of independence and issues of conflict of interest has been considered from the point of view of the Group and directors. For the Group, a relationship which accounts for 5% or more of its revenue is considered material. For a director, a relationship which accounts for 5% or more of the total income of a director is considered material. Directors' fees are not subject to this test.

Access to Independent Advice

Directors and the Board Committees have the right in connection with their duties and responsibilities to seek independent advice at the Group's expense. Prior approval of the Chairman is required, but this will not be unreasonably withheld. Where appropriate, directors share such advice with the other directors.

Principle 3 – Instill a culture of acting lawfully, ethically and responsibly

Code of Conduct and Values

The Group's objective is to conduct its business with the highest standards of personal and corporate integrity consistent with the cultural values of the organisation. To assist employees in achieving this objective, the Group has developed a comprehensive Code of Conduct which guides the behaviour of directors, officers and employees (including executives) and demonstrates the commitment of the Group to ethical practices. The Group has also established Cultural Pillars which outline the company values and how these are applied to business activities and which emphasise the high standards of behaviour expected in the business in order to achieve the Group's objectives.

The Code of Conduct and Cultural Pillars are incorporated as part of new employees' induction training and new employees must acknowledge their understanding and compliance with the Code of Conduct and the Group's policies and procedures. Any breach of the Code of Conduct is investigated accordingly with material matters reported to the Board.

The Code of Conduct states the values and policies of the Group and complements the Group's risk management and internal control practices. The Code of Conduct is supported by the Group's Whistleblowing Policy and system of reporting activity suspected of breaching the Code of Conduct. Material matters are required to be reported to the Board under the Whistleblowing Policy. The Code of Conduct is reviewed annually and updated to ensure that it reflects current good practice and to promote the ethical behaviour of all employees. Refer to the Group's website at www.gwagroup.com.au under Corporate Governance Policies for a copy of the Code of Conduct and Whistleblowing Policy.

Anti-Bribery, Fraud and Corruption Policy

The Company has a strict stance against bribery, fraud and corruption.

As a general rule, gifts of either goods or services of any nature, regardless of size or value, should be neither accepted nor offered. This is because accepting or offering gifts may damage or appear to damage an employee's ability to make decisions in the Group's best interests.

Where refusal of a nominal gift (less than A\$250 or equivalent in value) would be embarrassing or would not enhance the Group's business purposes, acceptance can be made with caution. Any gifts greater than A\$250 or equivalent in value, whether accepted or refused are to be disclosed to the employee's supervisor or manager.

The Group will not tolerate the acceptance of secret commissions, "kickbacks", or other such transactions by its employees. If an employee finds themselves in a situation of being offered a gift from anyone inside or outside the Group which causes them to feel awkward, uncomfortable, or appears to be any type of "bribe" or secret commission, the employee must advise any member of the executive in confidence.

The Group will not tolerate any incidence of fraud or corruption either from within or outside the organisation and will take immediate action (including but not limited to dismissal, reporting to the appropriate police authorities and legal action) against those persons committing the fraud or corruption. Any breach of the Anti-Bribery, Fraud and Corruption Policy is investigated accordingly with material matters reported to the Board.

Refer to the Group's website at www.gwagroup.com.au under Corporate Governance Policies for a copy of the Code of Conduct, which provides further details on the Anti-Bribery, Fraud and Corruption Policy.

Share Trading Policy

The Board has approved a Share Trading Policy which complies with the ASX Listing Rules. The policy limits the trading periods for directors and executives in the Group's securities to 30 days after each full year/half year results announcement and Annual General Meeting, and provided they are not in the possession of unpublished insider information.

Outside of these trading periods, the directors, executives and other 'potential insiders' are prohibited from trading in the Group's securities unless 'exceptional circumstances' exist and prior written approval of the Chairman (in the case of the directors) or Chief Executive Officer (in the case of the executives) has been obtained. 'Exceptional circumstances' mean severe financial hardship or other circumstances considered to be exceptional, including a court order

or court enforceable undertaking in a bona fide family settlement or some other overriding legal or regulatory requirement to transfer the Group's securities.

The Share Trading Policy requires directors to notify the Company Secretary within two business days after trading, to enable the Company Secretary to lodge the required disclosures with the Australian Securities Exchange. Refer to the Group's website at www.gwagroup.com.au under Corporate Governance Policies for a copy of the Share Trading Policy.

Principle 4 – Safeguard the integrity of corporate reports

Audit and Risk Committee

The Audit and Risk Committee meets as required and at least four times throughout the year. For membership and attendance details of the Audit and Risk Committee, refer to the Directors' Report. The qualifications and experience of each member of the Audit and Risk Committee is outlined in the director profiles in the Annual Report.

The composition of the Audit and Risk Committee is based on the following principles:

- The Committee should consist of non-executive directors only;
- The Committee should consist of a majority of independent directors;
- The Chairperson of the Committee should be an independent director and not the Chairperson of the Board;
- The Committee should consist of at least three members;
- The Committee should include members who are financially literate with at least one member who has financial and accounting related expertise.

The Audit and Risk Committee is governed by a charter which outlines the Committee's role and responsibilities, composition, structure and membership requirements. The charter is reviewed annually to ensure it remains consistent with the Board's objectives and responsibilities. Refer to the Group's website at www.gwagroup.com.au under Corporate Governance Policies for a copy of the charter. A detailed Terms of Reference has been developed to ensure the Audit and Risk Committee meeting agenda is consistent with the Committee's role and responsibilities as outlined in the charter.

The External Auditor, Internal Auditor, Chief Executive Officer, Chief Financial Officer, Company Secretary, other executives and senior management (as required) attend Audit and Risk Committee meetings, by invitation, to present the relevant statutory information, Financial Statements, reports, and to answer the questions of the members. At the Audit and Risk Committee meetings, the members will meet with the External Auditor without management present and also with management without the External Auditor present.

The main responsibilities of the Audit and Risk Committee include:

- Review of financial statements and external financial and non-financial reporting;
- Assess the management processes supporting external reporting;
- Assess whether the external reporting is adequate to meet the information needs for shareholders;
- Recommendations on the appointment and removal of the External Auditor and Internal Auditor;
- Review and monitor the performance and independence of the external audit function;
- Review of tax planning and tax compliance systems and processes;
- Review and monitor risk management and internal compliance and control systems;
- Assess the performance and objectivity of the internal audit function;
- Reporting to the Board on the Committee's role and responsibilities covering all the functions in its charter.

The Company Secretary prepares the draft minutes for each Audit and Risk Committee meeting, which is tabled at the next Audit and Risk Committee meeting for review and approval. The draft minutes are also included in the Board papers for the next Board meeting following the Audit and Risk Committee meeting.

Certification of Financial Reports

The Chief Executive Officer and Chief Financial Officer state in writing to the Board at each reporting period that, in their opinion:

- The financial records of the Group have been properly maintained;
- The financial reports present a true and fair view of the Group's financial position and performance;
- The financial reports comply with Accounting Standards; and
- The opinion has been formed on the basis of a sound system of risk management and internal compliance and control which is operating effectively.

The statements from the Chief Executive Officer and Chief Financial Officer are based on a formal sign-off framework established throughout the Group and reviewed by the Audit and Risk Committee as part of the financial reporting process.

Periodic corporate reports, such as investor presentations and sustainability reports, that are not audited or reviewed by the External Auditor, are subject to extensive internal reviews by the Chief Executive Officer, the Group Chief Financial Officer, Company Secretary and senior management prior to public release. All ASX and/or media releases which contain material price sensitive information are approved by the Board prior to release to the ASX.

External Auditor Independence

The Board recognises the importance of an independent external audit firm to ensure that the audit function delivers, for the benefit of the Board and all other stakeholders, an unbiased confirmation of both the Financial Statements and the state of affairs of the Group. Consistent with the Board's commitment to an independent audit firm, a policy has been approved by the Board on the role of the External Auditor, which is designed to ensure the independence of the external audit function, including audit partner rotation requirements.

The Audit and Risk Committee reviews the independence of the external audit function annually and makes a recommendation to the Board on continuing independence. As part of this review, the Audit and Risk Committee examines the non-audit roles performed by the External Auditor to satisfy itself that the auditor's independence is not compromised. Whilst the value of non-audit services could, in extreme cases, compromise audit independence, more important is to ensure that the External Auditor is not passing an audit opinion on the non-audit work of its own firm.

As a further measure to ensure the independence of the external audit function, the Chairman of the Audit and Risk Committee must pre-approve all audit and non-audit services (if any) provided by the External Auditor.

During the year, the Group's External Auditor, KPMG, provided an Auditor Independence Declaration to the Board (refer to the 2021 Annual Report) that, to the best of their knowledge and belief, there have been no contraventions of:

- The auditor independence requirements of the *Corporations Act 2001* in relation to the audit; and
- Any applicable code of professional conduct in relation to the audit.

In considering the KPMG independence declaration and the recommendation of the Audit and Risk Committee, the Board was satisfied with the continuing independence of the external audit function. For details of the non-audit roles performed by KPMG during the year, please refer to the Auditors' Remuneration note to the Financial Statements.

Selection and Appointment of External Auditor and Rotation

Following shareholder approval at the 2004 Annual General Meeting, KPMG was appointed External Auditor for the financial year commencing 1 July 2004. KPMG has advised the Group that their policy of audit partner rotation requires a change in the Lead Engagement Partner and Review Partner after a period of five years. The current KPMG Lead Engagement Partner is Mr Trent Duvall who was appointed on 1 July 2020.

AGM Attendance

The External Auditor attends the Annual General Meeting and is available to answer questions from shareholders about the conduct of the external audit and the preparation and content of the Independent Auditor's Report. Shareholders attending the Annual General Meeting are made aware they can ask questions of the External Auditor concerning the conduct of the audit.

Principle 5 – Make timely and balanced disclosure

The Group is committed to ensuring the timely disclosure of material price sensitive information through compliance with the continuous disclosure obligations in the ASX Listing Rules and the *Corporations Act 2001*. The Group includes continuous disclosure as a permanent item on the agenda for Board meetings. The Board has approved a Continuous Disclosure Policy to ensure the Group complies with the continuous disclosure requirements and to ensure accountability at the executive and senior management level for that compliance. Refer to the Group's website at www.gwagroup.com.au under Corporate Governance Policies for a copy of the Continuous Disclosure Policy.

The Chief Executive Officer is the Group's Continuous Disclosure Compliance Officer and is responsible for ensuring compliance with the continuous disclosure requirements and overseeing and authorising disclosure of information to the ASX. To ensure equality of information among investors, new and substantive investor or analyst presentations are released to the ASX ahead of the presentation. All ASX and/or media releases which contain material price sensitive information must be approved by the Board prior to release to the ASX. The Board also receives copies of all material market announcements promptly after they have been made.

The Company Secretary coordinates the communications with the ASX including ensuring compliance with regulatory requirements and overseeing information released to the ASX, shareholders and other interested parties. In the Company Secretary's absence, the Chief Financial Officer fulfills this role. Announcements made to the ASX are published on the Group's website immediately after release.

Principle 6 – Respect the rights of security holders

The Group is committed to ensuring shareholders and the financial markets are provided with full, open and timely information about its activities. This is achieved by the following:

- Ensuring that shareholders have the opportunity to receive external announcements by the Group through the corporate website at www.gwagroup.com.au. All Group announcements and information released to the market (including half and full year results) are located on the website and may be accessed by shareholders. There is a Corporate Governance section on the website which outlines the Group's governance practices and policies and other information such as the Group's sustainability and carbon reporting, gender equality and diversity reporting, information on workplace health and safety performance, modern slavery and tax transparency reporting;
- As an initiative to assist with the provision of timely information to shareholders and other stakeholders about the strategy and financial performance of the Group, the half and full year results presentations and substantive Investor Market Briefings are webcast via the Group's website at www.gwagroup.com.au. Shareholders are also able to access historical webcasts on the Group's website. The Annual General Meeting is recorded with the audio recording made to available to stakeholders on the Group's website after the meeting;
- The Group produces an annual Sustainability Report which is available on the Group's website at www.gwagroup.com.au. The report provides shareholders and other stakeholders with details on the Group's approach to sustainability covering its innovative water saving products and solutions, environmental impact and initiatives, ethical sourcing, people and the community, workplace health and safety, and governance and risk management. The Group is committed to being a sustainable business and maintains a strong sustainability agenda which is reflected within the report;
- The Group has prepared its inaugural Modern Slavery Statement for FY20 under the *Modern Slavery Act 2018 (Cth)* which is available on the Group's website at www.gwagroup.com.au. The statement outlines the modern slavery risks in the Group's operations and supply chain and the actions being taken to address these risks. The Group aims to continuously improve its modern slavery risk identification and mitigations, and will annually report on progress through its Modern Slavery Statement;
- The Board is committed to the use of electronic communications with shareholders to reduce the environmental impact and costs. Shareholders can elect to receive Group communications electronically. Annual Reports are no longer printed and mailed to shareholders, unless specifically requested. Annual Reports are made available to shareholders on the Group's website at www.gwagroup.com.au in an accessible and user-friendly format including an interactive Annual Report. Shareholders are sent the Notice of Annual General Meeting and Proxy Form, which includes details on accessing the online Annual Report and Sustainability Report, together with instructions for casting proxy votes electronically;
- The Group encourages shareholders to attend and participate at the Annual General Meeting to canvass the relevant issues of interest with the Board. An opportunity is given at the Annual General Meeting for shareholders to ask questions on the Group's financial reports and business strategy, operations and performance. If shareholders are unable to attend the Annual General Meeting personally, they are encouraged to participate through proxy voting. The Group has implemented online proxy voting to make it easier for shareholders to lodge their proxy votes if they are unable to attend the Annual General Meeting. The Group endeavours to set the timing and the location of the Annual General Meeting so that it is convenient for shareholders generally. The voting on proposed resolutions at the Annual General Meeting is conducted by way of a poll to ensure that all shareholders are provided with the opportunity to vote on resolutions. To ensure the safety of attendees during the COVID-19 pandemic, the 2020 Annual General Meeting was held virtually using an online platform;

- The Group has developed an investor relations program to facilitate effective communications with investors. The Group actively engages with institutional and private investors, broking analysts and the financial media on the Group's operations, performance, governance and prospects, and to provide an opportunity for investors to express their views or concerns about the Group. At all times the Group ensures compliance with the continuous disclosure obligations in the ASX Listing Rules and the *Corporations Act 2001*.

Principle 7 – Recognise and manage risk

The Board recognises that effective risk management processes help ensure the business is more likely to achieve its business objectives and that the Board meets its corporate governance responsibilities. In meeting its responsibilities, the Board has approved the Group's risk appetite statement and ensured that comprehensive risk management policies and practices have been put in place across the Group. The Board conducts annual reviews of the Group's risk management framework (including both financial and non-financial risks) to ensure that it continues to be sound and that management is operating with due regard to the risk appetite that has been set by the Board. During FY21, the Audit and Risk Committee conducted a review of the Group's risk management framework to ensure it is working effectively and within the risk parameters set by the Board.

Such risk management processes include defining the risk oversight responsibilities of the Board and the responsibilities of management in ensuring risks are both identified and effectively managed. Whilst ultimate responsibility for risk oversight rests with the Board, the Audit and Risk Committee is the delegated mechanism for focusing the Group on risk oversight, risk management and internal controls. The Audit and Risk Committee monitors management's performance against the Group's risk management framework. The Audit and Risk Committee reports to the Board on risk management and internal control matters in accordance with its main responsibilities as outlined in the Audit and Risk Committee Charter.

For further details of the Audit and Risk Committee composition and responsibilities, refer to the Audit and Risk Committee disclosures under Principle 4 - Safeguard the integrity of corporate reports.

The Audit and Risk Committee is supported in managing risk through the combined activities of the following:

- Enterprise risk profiles have been developed for the Group which are regularly reviewed and updated as part of the strategic planning process together with mitigation actions. The identified risks are analysed based on their potential impact and likelihood of occurrence and mitigation responses are put in place to manage the risks. Updates to the enterprise risk profiles form part of the agenda for the quarterly business reviews and strategy planning sessions with the Chief Executive Officer and Chief Financial Officer. The enterprise risk profiles for major risks are presented to the Audit and Risk Committee at the May and November meetings;
- Finance Risk Committee comprising the executive and senior financial management of the Group meets quarterly to monitor the financial risks in the organisation, oversee the execution of Group policies in relation to finance risks and measure the impact of both the underlying risks and the mitigation strategies employed. Financial risks include liquidity and funding, interest rates, foreign currency, credit and legal risks. The Finance Risk Committee reports to the Audit and Risk Committee on its activities as outlined in the Finance Risk Committee charter. In addition, a sub-committee of the Finance Risk Committee meets weekly to consider foreign currency and other risks as required;
- Chief Financial Officer who has primary responsibility for designing, implementing and coordinating the overall Group risk management and internal control practices. The Chief

Financial Officer attends the Board and Audit and Risk Committee meetings and presents bi-annually, the Chief Financial Officer's Report. The Chief Financial Officer has the authority to report directly to the Board or Audit and Risk Committee on any matter at any time;

- General Manager, Supply Chain and National Workplace Health and Safety (WHS) Manager who have specific responsibilities in respect of operational risks including workplace health and safety, business continuity, environmental, sustainability, ethical sourcing and industrial relations risks. - Company Secretary who is responsible for putting in place adequate insurance to cover the major group insurable risks including property and business interruption, public and products liability, product recall and directors' and officers' liability insurance. The Group's insurance broker assists with arranging the insurance and claims management. The insurance policies are placed with reputable insurers with appropriate coverage, limits and deductibles for the business;
- The Company Secretary is also the Ethical Standards Officer who is responsible for the administration and maintenance of the Group-wide policy against slavery and trafficking in persons. The Ethical Standards Officer has primary day-to-day responsibility for implementing the policy, monitoring its use and effectiveness, dealing with any questions that arise, and ensuring audits and internal control systems and procedures are effective in countering modern slavery. The Ethical Standards Officer prepares regular reports for the Audit and Risk Committee on progress with the modern slavery risk mitigation plans;
- Internal Audit activities are carried out by a combination of internal and appropriately qualified external resources based on an annual program of work approved by the Audit and Risk Committee. The internal audit function provides both management and the Board with independent objective assurance in relation to the adequacy of the design, and effectiveness of the implementation of the Group's governance, risk management, internal control, key business processes and compliance systems and their operational effectiveness. The Internal Audit function has independent access to the Audit and Risk Committee and is independent of the External Audit function;
- External Audit activities undertaken by the External Auditor, KPMG, to review internal controls as part of their half year review and full year audit procedures. Internal control weaknesses are identified by the External Auditor and communicated to management to address through a formal reporting process. The actions taken by management are reviewed by the Chief Financial Officer and Group Financial Controller as part of the stewardship review process for the half and full year accounts.

The Group has implemented risk management software across the Group for the purpose of identifying and managing workplace health and safety risks. The software is a critical tool for executives and senior management and has enhanced the identification, reporting and monitoring of actions in this important area.

Risk management is embedded in the Group's policies and procedures which have enabled the Group to pro-actively identify and manage all types of risk within the organisation. The Board

aims to continually evaluate and re-assess the risk management and internal control practices of the Group to ensure current good practice is maintained and to preserve and create long-term value within the organisation.

COSO Framework

During FY20, the Group conducted an internal review of its risk management framework against the COSO (2017 revised) framework as part of its continuous improvement processes. The review indicated that the Group's risk management principles and processes are closely aligned to the COSO framework. The Group will continue to review and refine its risk management processes in future periods to ensure they align with good practice and remain effective in managing risk.

Certification of Risk Management Controls

In conjunction with the certification of financial reports, the Chief Executive Officer and Chief Financial Officer state in writing to the Board each reporting period that in their opinion:

- The financial statements are founded on a sound system of risk management and internal compliance and control which implements the policies adopted by the Board; and
- The Group's risk management and internal compliance and control systems are operating efficiently and effectively in all material respects.

The statements from the Chief Executive Officer and Chief Financial Officer are based on a formal sign-off framework established throughout the Group and reviewed by the Audit and Risk Committee as part of the financial reporting process.

Environmental and Social Risks

The Board is committed to sustainable practices throughout its operations and continues to work with key stakeholders and communities. The Board recognises that a sustainable business is one that provides a safe, rewarding and diverse environment for its people whilst operating in an environmentally and socially responsible manner. The Board also accept the increasingly important role the Group's water saving products and solutions play in enabling customers to conserve and use water more efficiently.

GWA has a strong pedigree and history in developing innovative solutions in water. Sustainability in the area of water solutions has been its mantra for over 40 years. Caroma was the first brand in the world to introduce dual flush technology for toilets in 1980 which has saved approximately 32,000 litres of water per household per annum due to the introduction of full/half flush technology. This technology has subsequently been further developed by Caroma to enable enhanced water conservation.

In September 2021, GWA released its Sustainability Report for FY21 to provide shareholders and other stakeholders with detailed information on its on-going approach to sustainability. The Sustainability Report is available on the GWA website at www.gwagroup.com.au under Sustainability. This report includes information and data on workplace health and safety, water sustainability and innovation, environmental impact, ethical sourcing, governance and risk management, community and people (including diversity and inclusion, education and training).

GWA's approach to sustainability is based around two central objectives:

- Operating in a sustainable manner across the business by managing resources as efficiently as possible and by acting in a socially responsible manner;
- Providing leading edge products and systems that contribute to sustainability by making life better through sustainable water saving solutions for the built environment.

The Board is committed to reducing greenhouse gas emissions, water consumption and waste production across GWA's operations. GWA is a low emissions intensity entity as our business activities are less carbon intensive than other sectors. We continue to voluntarily report our carbon emissions and energy use with the reports available on GWA's website at www.gwagroup.com.au under Carbon Reporting. For FY21 total carbon emissions from GWA's controlled facilities were approximately 1,869 tonnes of carbon dioxide equivalent (CO2e). This represents an 11.8 per cent decrease on the prior year with the main drivers being the improvement focus and implementation of energy efficiency measures across the Group, the sale of the Heshan, China factory and scale down of NZ manufacturing at the Avondale, NZ site during FY21.

The Board is committed to continuous improvement in workplace health and safety performance through comprehensive safety systems and processes, communication with employees and increased diligence in identifying and removing safety risks. The Group aims to provide a safe and healthy workplace with the objective of an injury free work environment. For further information on workplace health and safety, please refer to the Group's website at www.gwagroup.com.au under Health and Safety.

The Board is committed to providing stakeholders with a comprehensive understanding of the Group's tax activities, and in FY17 signed up to the Board of Taxation's Voluntary Tax Transparency Code (Code). The Code is designed to encourage greater transparency within the corporate sector and enhance the community's understanding of the corporate sector's compliance with Australian tax laws. The Group follows the recommendations outlined in the Code in preparing the Group's Tax Transparency Reports.

Refer to the Group's website at www.gwagroup.com.au under Corporate Governance for a copy of the Board Tax Policy and Tax Transparency Reports.

Principle 8 – Remunerate fairly and responsibly

The draft minutes are also included in the Board papers for the next Board meeting following the Nomination and Remuneration Committee meeting.

Remuneration Policies

The Board's objective in setting the Group's remuneration policies is to provide maximum stakeholder benefit from the retention of a high-quality forward-thinking Board and executive team. This is achieved by remunerating directors and executives fairly and appropriately based on relevant market benchmarking data and the linking of executive remuneration to the Group's strategy, financial and operating performance in order to align with shareholder wealth creation.

The Nomination and Remuneration Committee is responsible for determining the remuneration for the non-executive directors, with the maximum aggregate amount approved by shareholders. The non-executive directors receive their remuneration by way of directors' fees (including statutory superannuation) and are not able to participate in the executive incentive schemes. There are no director retirement benefits other than statutory superannuation.

The Nomination and Remuneration Committee is responsible for reviewing and determining the remuneration and incentive arrangements for executives. The Nomination and Remuneration Committee obtains market benchmarking data from independent external advisers to assist in determining market remuneration levels. The remuneration and incentive arrangements have been structured to ensure that performance is fairly rewarded and to attract, motivate and retain a high-quality executive team, capable of implementing the Group's strategy and aligning the executives' interests with the creation of shareholder value and with the Group's values and risk appetite in mind.

The Group has an equity-based remuneration scheme for executives which was approved by shareholders in 2008. For details of the scheme, refer to the FY21 Remuneration Report. In accordance with the rules of the scheme, participants must not enter into any transactions or arrangements (whether through the use of derivatives or otherwise) which reduces or limits the economic risk of participating in the scheme.

For details of the Group's remuneration policies and disclosures, refer to the FY21 Remuneration Report included in the Annual Report.
